HUNTER XCI AEGIS WALL SYSTEM FEATURES AND BENEFIT

- Protected by a 15-year warranty
- Thinner, energy-efficient, code-compliant walls allow for more usable square footage.
- Single source solution provides peace of mind surrounding air, water, and thermal protection.
- Multi-functionality of materials reduces number of trips around the building minimizing installation costs.
- Simplified installation for wall assembly: cladding attaches into OSB or plywood substrate directly over barrier material.
- Systemization ensures compatibility of materials performing key functions within the wall assembly.
